

# Who is your MVP?

**MIDWEST FREE COMMUNITY PAPERS**  
*Nomination Information and Form – 2024*

# Most Valued Professional Program

The MFCP Most Valued Professional program is designed to honor and train individuals who are emerging leaders in the free paper industry and 40 years old or younger. This annual program will recognize up to 5 individuals who represent the best of our up and coming industry professionals. These individuals exemplify good character, leadership and professionalism not only at work, but in the communities they serve.

## *Nominee qualifications*

These individuals should show the promise of and a commitment to impacting their publication and industry in a positive manner through professional achievement. Nominees must also show they not only perform their jobs to a high standard, but they also have a commitment to furthering their knowledge and abilities. Nominees must actively work in the free paper industry for a member of MFCP and are required to have been employed for six months.

## *Recognition program*

The Most Valued Professional award recipients will be recognized in PaperClips, the official newsletter of MFCP, as well as participate in the annual MFCP Conference and Trade Show. MVP award winners receive free registration and hotel accommodations at the Conference as part of their award.

## *Ongoing Opportunity*

MFCP Most Valued Professionals will be asked to assist the various initiatives of the association on an ongoing basis for up to two years. MFCP recognizes that we have much to learn from these talented young people and hopes to use their skills to help us lead the free paper industry. In return for participation in regularly scheduled conference calls and for volunteering some time to assist with various MFCP initiatives, MFCP will provide additional leadership development opportunities and the opportunity to attend future conferences for even more training.

Nominations due by:

**Friday, February 23, 2024**

# *Summary of* Most Valued Professional Participation

General details about the expectations and opportunity for those who are accepted into the program.

## ***Participation Requirements and Expectations:***

For the program to be successful, we require the active participation of all members. We understand that occasionally there will be scheduling conflicts and therefore an inability to join the activity. Communication of the need to miss prior to the activity is expected. Any MVP that does not maintain an acceptable level of participation will not be eligible for the conference attendance scholarship.

## ***Mission Statement:***

We exist to add value to the individual, their company and the Midwest Free Community Papers association as a whole.
